

## Canson Infinity® Baryta Prestige 340gsm - Baryta Gloss

**Canson® Infinity Baryta Prestige Rag 340gsm** is comprised of an acid-free alpha-cellulose and cotton white paper base with a true barium sulphate coating. It is a smooth Baryta Gloss paper which evokes the look and aesthetic feel of traditional darkroom papers.

**The paper characteristics are truly unique:** providing excellent durability, outstanding black optical density (D-max), and superb image sharpness. The paper has good lay-flatness qualities, excellent surface cohesion as well as very low gloss differential between printed and non-printed portions. It offers an extraordinary wide gamut which improves colour reproduction and increases visual impact.

**Canson® Infinity Baryta Prestige Rag** is an innovative product for the more discerning photographer and printmaker, whether creating black and white or colour archival prints.

### **Alain Guillemaud**

*Even before printing - indeed right from the moment you take it out of its box - it is clear to see that Canson sought to create a resilient paper.*

*Made with optimal thickness and perfect flatness, its look alone places it amongst the highest-end papers.*

*But the biggest surprise comes before printing - this paper resembles*

*traditional baryta paper with the elegance of the lovely photographic*

*paper of years past. It is smooth and*

*slightly shiny, and provides for*

*outstanding results in both colour and black and white.*

*Much to my satisfaction, it features a*

*high optical density and meets the*

*durability requirements of standard*

*ISO 9706.*

*This beautiful paper was designed for*

*photography lovers and those who*

*value the photographic object that is*

*the "print".*
